

**North Suburban**  
**Pond & Garden Walk**  
**July 27 – 28, 2019**  
 Hours: 10 AM - 6 PM  
 (except where noted)

Welcome to the 2019 North Suburban Pond & Garden Walk; a self-guided walk open to all. You can **visit the yards in any order you want**, just **note which yards are open one day only**. If you have visited our yards before, we look forward to seeing you, your family, and friends again. Most walks require a fee to acquire a list of yards. We want our walk to be free, but will accept donations at any of the locations so we can continue to provide this walk and share our love of gardening with you and others. E-mail us via the website and let us know how you enjoyed the walk, and send some of your favorite pictures too!

**1. 235 Greenwood Road, Glenview**

**Esther**

Garden style: A little wild - like nature, a little controlled, and a little whimsy. Yard has some wildflowers, perennials, roses, annuals, veggies, a raspberry patch, 3 ponds, and an arbor with a deck. The yard is going through a transition as some trees have died and affected my shade gardening. The largest pond, 6000-gallons, was built for turtles, some I've had since a kid. For over 20 years I've been "rescuing" unwanted pet turtles and tortoises. A 2000-gallon pond was built for aquatic plants, where much is "harvested" as food for the turtles. Frogs love this pond! Gump, a rescued tortoise, is the boss of the yard; he has forced me to do a lot of gardening in pots since he can eat an entire flower bed in a matter of minutes. Check out how big Gump is now, possibly feed him, or perhaps you may want to hold a smaller aquatic or box turtle. Yard is a Certified Wildlife Habitat by the National Wildlife Federation,

**No parking in driveway. Park on the gravel shoulder of Greenwood - best on west side, or on side streets 1/4 block north or south.**

**2. 2822 Covert Road, Glenview**

**Ann & George**

This is our 5<sup>th</sup> and most challenging season since our 1200 gallon pond was professionally installed. As the cold and rainy summer slowed down the growth of our water lilies and lotus, I needed some instant gratification and added a tropical water lily to the pond for the first time ever. Of course, tropical lilies need warmth, so I guess one could say I'm an eternal optimist. We enjoy having fish, but the main reason we wanted a pond was for the water lilies and other aquatic plants, and of course, for the sound. Who doesn't love the tranquil sound of a splashing waterfall as the sun sets? Come visit our pond and see why we don't need a vacation to relax.

**Saturday viewing only**

**3. 8201 Norma Court, Niles**

**Vicki & Bert**

We invite you to visit our beautiful backyard oasis. Our pond is home to some friendly comets and koi, always ready to be hand fed, as well as frogs! Our retreat also includes a gnome garden and whimsical statuary guaranteed to make you smile!

**Sunday viewing only**

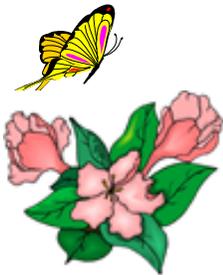

**4. 2748 Norwood Terrace, Glenview**

**Bob & Marsha**

An 8000 gallon pond with a waterfall and a 2000 gallon collection pond to drain into main pond. Amazing filtration system in shed nearby. Forest and floral landscaping.

Use our driveway or the street - **DO NOT BLOCK** neighbors' driveways. Enter yard from left side of garage.

**Note: Bathrooms are not available at houses**

## 5. 3404 Meadow Lane, Glenview

Delores & Dave

We have elaborate gardens and a 4,000 gallon pond that is 24 years old. There are two waterfalls and many koi.

**Sunday viewing only**

## 6. 1211 Huber Lane, Glenview

Daryl & Sherry

Our 3500 gallon pond is 13 years old with many plants and fish. Our resident red-eared slider, Sidney, is queen of the backyard. Please stop by and enjoy our slice of heaven.

**Saturday viewing only**

## 7. 734 Windsor Road, Glenview

Dolph

Native plant garden - primarily.

A certified National Wildlife Federation garden

A certified Bird and Butterfly Sanctuary with the Illinois Audubon Society ([illinoisaudubon.org](http://illinoisaudubon.org))

A pollinator-friendly garden with the Xerces Society ([xerces.org](http://xerces.org))

A certified Monarch Waystation by Monarch Watch ([monarchwatch.org](http://monarchwatch.org))

## 8. 8127 N. Oketo Avenue, Niles

Athena

The theme of the garden is "Birds Gone Wild."

This garden has vegetables, herbs, shade gardens, a woodland garden, and native garden. There is whimsical Folk Art throughout the garden.

**Saturday viewing only, 10 AM - 3 PM**

Park on street, not in driveway.

**Note: Bathrooms are not available at houses.**

## North Suburban Pond & Garden Walk

### 9. 8101 Keeler Avenue, Skokie

John & Harriet

This waterfall and pond deliver unexpected tranquility in an urban setting. Cattails, water lilies, papyrus, water hyacinth & 30 goldfish provide a soothing view while listening to the sound of water traveling over the multi-level waterfall along a 10 foot stream. Sun & shade gardens in front & rear yards. Plus, we're experimenting this year with galvanized steel raised garden beds.

**Viewing hours 10 AM - 4 PM BOTH days.**

Good street parking. Please DO NOT park in driveway.

### 10. 1129 McDaniel Avenue, Evanston

Fern

Sun and shade gardens abound in both the front and back yards. A pond with waterfall, water wall and hand water pump are part of the features in the back. Walk the paths to find hidden details throughout. This garden is a true labor of love.

**Viewing hours 11 AM - 5 PM BOTH days.**

### 11. 1615 Mount Pleasant Street, Northfield

Jean

Enjoy a living fence that surrounds a koi pond, the fairy garden is on the parkway. Walk through the shade to the patio gardens with arches that lead to a small rose garden, the wander to the side where I have a woodland garden, then to the front with more garden. Look closely as you wander, you will find many surprises. Please come, enjoy the serenity of my many gardens.

### 12. 3123 Brandess Drive, Glenview

Mark & Julie

We have an 18' x 37' pond with 11 large koi. Pond plants include iris, cattails, hibiscus, creeping jenny, and forget-me-nots. We have raised flower beds, plenty of sunflowers and hibiscus.

**Saturday viewing only**

### 13. 1436 Little Moose Lane, Northbrook

Ron

Cover the ground with plants, feed the pollinators and birds, enjoy and photograph the beauty of nature.

### 14. 1149 White Mountain Drive, Northbrook

Donna & Terry

Over 200 varieties of plants in a park-like setting. Newer monarch garden on the side yard, with vegetables in back. Come and relax!

### 15. 4095 Pamela Lane, Northbrook

Erika & Eberhard

You are welcome to our beautiful flower garden with a pond that has a waterfall and koi. Pond goes into a stream with a bridge. Everything is started from seeds and cuttings from around 350 plants saved in our greenhouse over winter.

### 16. 3025 Huntington Drive, Arlington Heights

Doug & Katherine

Two ponds on the property, a 1000-gallon veggie filter pond that flows into a 27,000-gallon koi pond which has around 80 koi of all shapes and colors. Filtration is both "old school" and "new school", including a Profi RDF (rotating drum filter). Many flower gardens and potted plants. Come pay a visit to our pond and garden, which has undergone many updates since last year.

### 17. 2020 E. Rosehill Drive, Arlington Heights

Ken & Sandy

We have a 1300-gallon pond with a waterfall and an island fountain geyser, started in 1994. The pond has about 50 fish, including koi, butterfly koi, goldfish, and several frogs. Across a small bridge and arbor you can view a small bog garden pond. Continue up the little hill and you can get a good view of Lake Arlington. We also have four fountains in the front and back yards that are lit up for night lighting along with the pond lights. Ask about the Mikis, and look for Reno, the Sun Conure Parrot. Recently, a large turtle found us and made a turtle nest with eggs alongside of the pond.

Lake Arlington is in back of our house, restrooms and refreshments will be available there.

**Open both days all day til 9 PM for night lights viewing as well.**

**Note: Bathrooms are not available at houses.**

## 18. 408 Dorset Street, Prospect

**John & Laura**

Pond has been in place 15 years, essentially 10X20 feet, with waterfall, lots of rocks, adjacent to a ground level pool, and large wooden deck. Home sits on a 1/2 acre lot, adjacent to all single family homes on similar property sizes.

Just one block SW of Thomas/Schoenbeck Road

## 19. 106 Elm Street, Prospect Heights

**Rob & Colleen**

Our backyard living space, now in its fourth year, is a "rustic mountain oasis" made up of a waterfall-stream-pond with numerous perennials and other water plants nestled among 50+ unique conifer trees (and a few Japanese maples that survived the 2019 polar vortex). The pond is a 5000 gallon "eco-system" that harvests and recirculates rain water and is connected to a pump for irrigation. The stonework used for the hardscape is inspired by the Rockies and if you look closely, you will see many "national park" inspired features; particularly around the crushed stone fire pit area. Last spring, we added a second waterfall with a "dry creek bed" to further carry out the rustic mountain feel, and this year, we added a special "native" feature that is truly unique!

## 20. 1321 N. Peartree Lane, Mount Prospect

**Charleen**

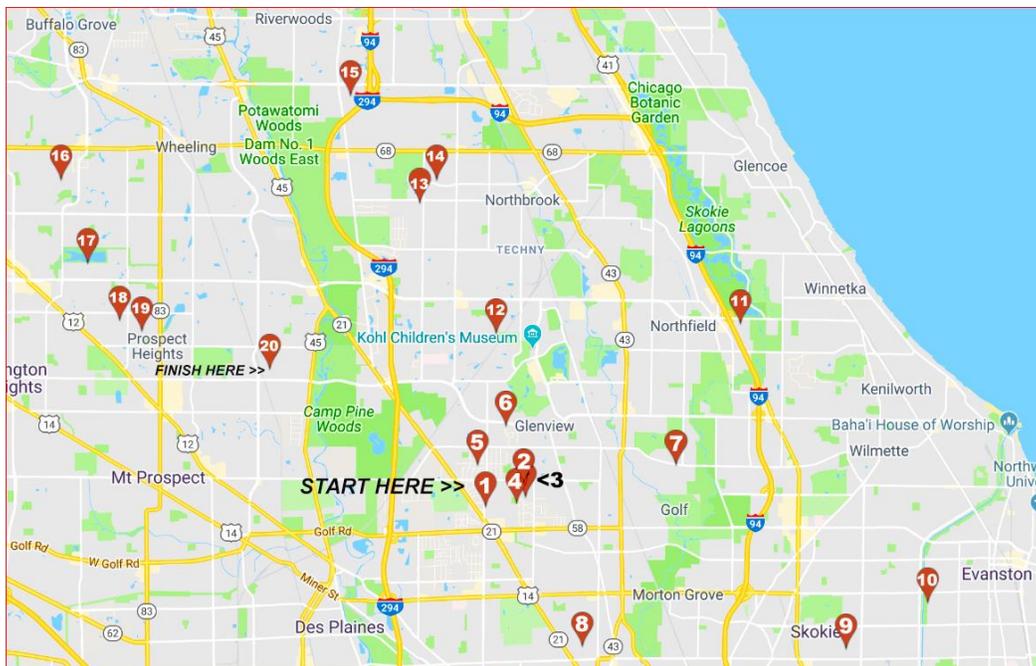

My garden is a bit of heaven for me! Lots of everything, planted by me for over 55 years. Trees: maples, flowering crab, redbud, pines, arborvitae, and ferns, hostas, rhododendrons, hydrangeas, grasses, clematis, over 200 plants. Bird baths, bird houses, and beautiful fish in the pond to welcome all visitors! Not boring, loaded with tchotchkes! Come see and enjoy my garden and pond.

Saturday viewing only

Note: Bathrooms are not available at houses.
